

**You couldn't get a better team
ASA Florida & Jasper**

Become An Installer

All around the country, quality technicians, mechanics and auto repair facilities have aligned themselves with JASPER to instill confidence in their customers. This confidence comes from knowing that all JASPER remanufactured engines, transmissions and differentials — as well as our other products — adhere to strict remanufacturing guidelines and come with the warranty to back it up. Their customers know that they are getting the best product for themselves and their families. Improved business results come from the wide range of technical and marketing support that JASPER offers to make doing business with us easy, and to improve your bottom line. Things like:

- Sales support for you to end-users through the online pricing and installer locator programs available on our web site.
- **Cooperative advertising programs, including signs and banners.**
- Free videos, posters and sales literature.
- Sales and technical seminars, and free technical bulletins.
- Factory tours.
- Preferred Installer Programs.
- Sales Associates readily available at your convenience to assist you with product and service.
- Technology advancement through supplying products to NASCAR Sprint Cup Series teams.
- Consumer awareness through sponsorship in Professional Bass Fishing
- Website with on-line pricing and quotation forms, videos, virtual tours, your account information, and an E-Commerce portal.

Jasper's Fleet Program

JASPER can help reduce your vehicle downtime and improve your fleet's bottom line when you install our remanufactured products.

We've got you covered with our wide range of products:

- Diesel Engines
- Transmissions
- Differentials
- Fuel and Air Components
- Custom Remanufacturing

JASPER can eliminate your downtime with our efficient nationwide distribution network and well-managed inventory. We provide your fleet with unmatched on-time delivery.

JASPER is More Than Your Average Fleet Supplier.

We Deliver Business Solutions!

Our JASPER remanufactured products are made in the south of our country. They are being produced in a facility that is ISO 9001 certified.

- Personalized service from a knowledgeable and experienced sales and technical support team.
- Fast, efficient and cost-effective service.
- Quick delivery. Ask us to schedule delivery anywhere and we'll have your parts delivered on-time.

We look forward to helping you meet your needs as a Fleet Professional!
