

Recruit and hire the best talent... without all the hard work.

About Us

Skilled techs are in high demand. Record low unemployment rates and a shortage of candidates entering the industry are leaving shops in a continuous, time-consuming scramble to fill open positions. That's where we can help.

Find A Wrench works with dealerships and shops across the country to help find and acquire top talent. Our experienced recruiters specialize in recruiting techs, service advisors and service managers – so you can focus on running your shop.

FAW 4-Speed Recruiting

① JOB BOARDS			
Write professional job postings	Post on 100+ job boards	Premium job postings on Indeed, ZipRecruiter and FAW	Repost jobs every two weeks
② SOCIAL RECRUITING			
Post jobs within our network of 500+ Facebook groups, and other social sites	Repost as appropriate	Direct message potential candidates from Facebook groups	
③ PERSONALIZED OUTREACH			
Send weekly emails/texts to target candidates who have not yet applied	Place personal calls to target candidates who have not yet applied	Source and contact new candidates outside of our existing network	
④ APPLICANT MANAGEMENT			
Sort through all applications. Forward qualified and reject unqualified	Phone screen qualified candidates	Coordinate interviews and follow-ups
